5. **IMET2000 Held the First Basic Life Support Training Workshop in Cooperation with An-Najah National University**
6. **IMET2000 Centre Held the First Inhouse Basic Life Support Training Workshop**

## IMET2000 Supports Sanad Society for Children with Learning Disabilities

We have signed up an agreement with Sanad Society, a charitable organisation based in Nablus in order to support children with learning disabilities.

This grant will cover the expenses of the essential treatment of 20 children for the year 2021. These children come from disadvantaged backgrounds in the Northern part of the West Bank.

We are pleased to have been able to continue this partnership for the third year in a row.

## Second Music Therapy Session for Children at Jasmine Society

**IMET2000 held the second music therapy session for children with autism and learning disabilities at Jasmine Charitable Society in Ramallah. More than 50 children benefited from the session which was led by the therapist Omar Jaber.**

**Music therapy is a psycho-sensory therapy in which music is used as a tool of treatment by using it to help children with special needs such as children with autism, learning difficulties and behavioural problems. It enhances the communication of children with the therapist and with each other by using music instead of words during a group therapy session. It also helps children with self-expressions to relieve their stress and increase their self-confident and positive energy.**

## IMET2000 Organised the Fifth Training Workshop on Clinical Audit

In response to calls from medical students and post-graduated doctors, IMET2000-Pal held a training workshop under the title of:

### How to do a Clinical Audit Round V

IMET2000 has made developing medical research and clinical audits for healthcare professionals and students in Palestine one of its top priorities for the year 2021. This workshop is one in a series of others to follow as part of our programme. It was held via ZOOM and attended by 35 doctors and medical students.

IMET2000's CEO Dr Malik Zaben ran the workshop where he began by describing the importance of medical research and clinical audits in Palestine, and their role in facilitating diagnostic procedures for patients in the future. He also emphasised how highly valued and announced the Third Annual Conference of Clinical Audit in Palestine will be held by IMET2000 in September 2021, Dr Zaben stated his appreciation for the doctors that attended, and how this session among the rest that will follow, will contribute to improving the medical sector in Palestine.

## IMET2000 Organized an Advanced Cardiovascular Life Support Training Workshop for Physicians

IMET2000-Pal held a workshop covering advanced cardiopulmonary resuscitation that was attended by 7 doctors from different hospitals on 13,14/6/2021. It was titled:

### Advanced Cardiac Life Support (ACLS) Course for Physicians III

The workshop opened with a few welcoming words from Dr Mohammed Obaidullah, where he welcomed the attendees and outlined different events organised by IMET2000 as well as a glimpse of IMET2000's future plans. The workshop was directed by Mr Muntaser Salahat a reliable instructor from the American Heart Association. The training involved the use of medical dolls which helped educate the trainees on how to perform advanced cardiac resuscitation on patients that needed immediate aid and allowed them to practice it. This was alongside a scientific and practical explanation provided by the instructors.

## **IMET2000 Held the First Basic Life Support Training Workshop in Cooperation with An-Najah National University**

---

**IMET2000-PAL in cooperation with An-Najah National University-Nablus organised the Critical Core Training:**

### **Basic Life Support (BLS) for Physicians and Nurses Session VII**

**The workshop was attended by 11 doctors and Nurses from different hospitals in the West-Bank at Najah life support training center in An-Najah National University. It aim to learn about Cardiopulmonary resuscitation (CPR) for healthcare professionals, Automated External Defibrillation (AED) and First Aid. It led by Mrs Mahdia Kony and Mr Ahmad Al-Aswad (American Heart Association “AHA”) Instructors.**

## IMET2000 Centre Held the First Inhouse Basic Life Support Training Workshop

IMET2000-PAL in cooperation with American Arab University- Jenin organised the Critical Core Training:

### Basic Life Support (BLS) for Physicians 2021 Session VI

The workshop was attended by 10 doctors from different hospitals in the West Bank at our training centre. It led by Mr Fayez Ghannam (American Heart Association “AHA”) Instructor.
